To Whom It May Concern:

Pensacola Junior College is proud to say that Lorna Bracewell has been actively participating in our Leadership Lecture Series and Lyceum Coffeehouse Series for the past two (2) years. Her interaction with the students is amazing; she relates to their issues and is more than willing to speak openly to the participating students, staff and administration. Her topics are student friendly and I have personally participated in both the Leadership lecture Series and Coffeehouse performance and truly enjoyed it. Her outgoing personality is a perfect match for PJC. We look forward to future visits with Lorna.

Sincerely,

Dennis Reynolds
