Just a short note to let you know how much the students and faculty of St. Johns River Community College enjoyed Lorna Bracewell during her recent workshop and performance on our St. Augustine Campus. Her presentation on "Love 101: Rethinking Love, Sex and Power" was both relevant and challenging for the modern student and, because she looks like a student, had a real connection with those attending. Her performance later in the student center was outstanding and her originality with music is refreshing. She's self contained and would work well with any college group.

She was great and I look forward to seeing her at the convention in February 08.

Sincerely,

Frank Casey, Student Activities
SJRCC St. Augustine Campus
